UBIQUE SAFETY CONSULTANCY | E-LEARNING

9 – 14HOURS

FOOD SAFETY LEVEL – 3

Supervisors and managers must be trained to a higher level again, and the Food Safety Level 3 e-learning course is designed for this level of employee. It is also useful for owners of small catering businesses.

Areas Covered

Introduction to food safety
Microbiology
Contamination hazards and control
Food poisoning
Personal hygiene
Design of food premises and equipment
Cleaning and disinfection
Pest control
HACCP
Control measures
Supervisory management
Food safety legislation and enforcement

Who is it aimed at?

This food safety training course has been written by genuine experts and designed specifically to be suitable for those responsible for supervising or managing food safety within a business.

▶ Learners will receive a Highfield e-learning completion certificate, which is downloadable upon successfully finishing the course.

▶ Our e-learning is available to use on multiple platforms such as tablets, PC's and laptops. All you need is a good internet connection. Learners simply log on to the Ubique Learner Management System (LMS) and work their way through the course, along with the scenarios that provide them with real-life context.

Why Choose Ubique Safety Consultancy E-learning?

We make the most complex of subjects easier to digest through media and content-rich exercises that motivate and engage learners. All our e-learning uses interactive exercises and gaming combined with media-rich content, interactive scenarios, and relevant photography and illustrations. Content is provided by industry-leading experts. What that means for your learners is stimulating and engaging content they will respond to and, most importantly, remember.
