⏱ 20 – 40MINS

GENERAL DATA PROTECTION (GDPR)

The GDPR e-learning Short Course is designed to help your organisation navigate the introduction of the GDPR. It covers all the essential information on how GDPR affects your business.
It is ideal for employees in busy workplaces who need to get up to speed quickly with the requirements of the GDPR.

Areas Covered	Who is it aimed at?
What the GDPR is, and how it affects how your business collects data The principles behind how you should process client data The rights of individuals over their data, including subject access requests and the right to be forgotten The GDPR requirements for your organisation What is data and personal data Data breaches and penalties	Any employee responsible for handling data, as well as their managers. It is particularly useful for employees responsible for managing or accessing databases.

▶ Learners will receive a Highfield e-learning completion certificate, which is downloadable upon successfully finishing the course.

▶ Our e-learning is available to use on multiple platforms such as tablets, PC's and laptops. All you need is a good internet connection. Learners simply log on to the Ubique Learner Management System (LMS) and work their way through the course, along with the scenarios that provide them with real-life context.

Why Choose Ubique Safety Consultancy E-learning?

We make the most complex of subjects easier to digest through media and content-rich exercises that motivate and engage learners. All our e-learning uses interactive exercises and gaming combined with media-rich content, interactive scenarios, and relevant photography and illustrations. Content is provided by industry-leading experts. What that means for your learners is stimulating and engaging content they will respond to and, most importantly, remember.

Key Details
