

Teamworking

Team Working is designed to help your organisation understand the importance of good communication. Learners on this course will learn what teamwork is, and the different types of team and group personalities. It will equip learners with the tools to build effective relationships, highlight positive and negative characteristics and what motivates a team. Finally, learners will understand the importance of self-analysis, reflection and the importance of feedback that ultimately leads to effective and efficient teamwork.

 <p>Areas Covered</p>	 <p>Who is it aimed at?</p>
<p>What is teamwork? Working effectively with colleagues Establishing good working relationships Group composition and teamwork Group personalities Positive and negative communication characteristics Active listening Motivation Self-analysis Feedback Why it is important to handle criticism positively?</p>	<p>Teamworking is ideal for all levels of employee within a business and as part of the induction process for new employees.</p> <p>The course is also ideal for use as part of the on-programme element of the new apprenticeship standards and can support the knowledge, skills and behaviours apprentices need to effectively integrate into the workplace.</p>
	<p>Learners will receive a Highfield e-learning completion certificate, which is downloadable upon successfully finishing the course.</p>
	<p>Our e-learning is available to use on multiple platforms such as tablets, PC's and laptops. All you need is a good internet connection. Learners simply log on to the Ubique Learner Management System (LMS) and work their way through the course, along with the scenarios that provide them with real-life context.</p>

Why Choose Ubique Safety Consultancy E-learning?

We make the most complex of subjects easier to digest through media and content-rich exercises that motivate and engage learners. All our e-learning uses interactive exercises and gaming combined with media-rich content, interactive scenarios, and relevant photography and illustrations. Content is provided by industry-leading experts. What that means for your learners is stimulating and engaging content they will respond to and, most importantly, remember.
